The booties are modeled by "Miracle" a 15.5" long reborn doll sculpted by Jenn Stocks and reborn by myself. She is the approximate size of a real 31 weeks gestation preemie. Please note that this design was intended for a reborn doll. The small parts would be a choking hazard for a real baby and should only be considered as a photo prop with adult supervision. NO warranty implied and no liability assumed. Use at your own risk.

"If I take the wings of the morning, and dwell in the uttermost parts of the sea; Even there shall thy hand lead me, and thy right hand shall hold me. I will praise thee; for I am fearfully and wonderfully made; marvellous are thy works; and that my soul knoweth right well."
